

Verifone V400m

The Verifone V400m, part of the Verifone Engage portfolio, leverages the power and performance of our latest V/OS in a modern application environment. This stylish, compact device is commerce-enabled to support loyalty, offers and other revenue-generating opportunities. Multiple connectivity options offer maximum portability and flexibility for merchants on the go and in store—and with its large, capacitive 3.5" color touch display, intuitive user interface, greater memory and faster processing speed, the V400m is great for pay-at-the table, curbside delivery, kiosks and line-busting.

- Flexible connectivity: 4G, WiFi and Bluetooth
- USB connector for camera, barcode scanner, biometric readers
- Maximum security and compliance with end-to-end encryption
- Accepts all payment types: NFC/contactless, mobile wallets, EMV, magstripe
- Supports a variety of apps with Verifone's Commerce Platform
